House File 328

February 21, 1947.
Passed on File.

By DAIRY AND FOODS COMMITTEE.

A BILL FOR

An Act to amend chapter one hundred ninety-two (192),
Code 1946, relating to the sale of milk or cream.

Be It Enacted by the General Assembly of the State of Iowa:

1 Section 1. Amend section one hundred ninety-two point
2 ten (192.10), Code 1946, by striking all of said section
3 and enacting in lieu thereof the following: "No milk
4 dealer, as defined in this chapter, shall sell or offer
5 for sale at retail, in any city or town any milk or cream
6 unless same has been fully pasteurized as defined in this
7 chapter."

1 Sec. 2. The provision of this bill shall be in full
2 force and effect on January 1, 1949.

EXPLANATION OF H. F. 328

Proper pasteurization of milk kills all disease bacteria in milk. Therefore, pasteurized milk properly handled eliminates the possibilities of milk-borne epidemics.

This bill, if enacted, would require, after January 1, 1949, all milk sold from stores and vehicles, in cities and towns, be pasteurized.

The health of our children, as well as adults, should be protected by providing a safe milk and cream supply.
